

NURSING AND HEALTH CARE SEMINAR

This course is aimed to Nursing students who are interested in health care system in Spain, and takes place in the best of the locations. Tarragona is a medium-sized multicultural town, only an hour away from Barcelona and surrounded by the sandy beaches and blue skies of the Mediterranean. It is a quiet, safe coastal town with a rich leisure and cultural offer.

The course aims to give an overview of the health care in Spain combining seminars with visits to health care centres and hospitals, organized and taught by experienced lecturers.

The training program is complemented with a cultural program included guided cultural visits and outings to get to know the region. Free time on Sunday would allow the students to visit the city of Barcelona.
